

Digital Forensics Summer Program (2011)

- Discover the world of computer forensics!
- Learn how to look inside your computer to find hidden data!
- See how networks are investigated!

Carey Business School
Johns Hopkins University
Montgomery County Campus
9601 Medical Center Drive
Rockville, MD 20850
June 20 thru June 24 (2011)
9 .a.m. – 4 p.m.

This program is intended to introduce high school students to the world of computer forensics. Taught by professionals in the field, it will overview many parts of computer investigations: the overall forensics investigation process, media and desktop investigations, looking at networks and the legal side. Class sessions will include lectures and a hands-on experience.

Requirements:

- High school student in the Spring of 2011.
- GPA 2.5 or better.
- Must have taken a computer applications or similar computer technology use course (the participant must be very familiar with using a computer).

For more information or an application to apply for the program, please send an e-mail to DFSummerCamp@jhu.edu, or contact John Baker in the Carey Business School at 410-234-9406.

Please apply early as enrollment is limited. (Cost is \$300 per participant)
